The Board of Psychologist Examiners is updating its requirements by amending sections of Title 54, Chapter 23 as follows: 54-2302, Idaho Code to add a definition for temporary permit; 54-2303, Idaho Code to clarify which other professions licensed or registered by the state of Idaho are exempt from licensure; 54-2304, Idaho Code to clarify that the notice of meeting requirements must comply with Idaho law; 54-2305, Idaho Code to provide the board authority to adopt rules for a temporary permit and an inactive license status; to strike 54-2306, Idaho Code as social psychologists are not licensed in Idaho; 54-2307, Idaho Code to change the qualifications to allow for a practicum or internship as part of the two years of work experience required for licensure; 54-2309, Idaho Code to allow the Board to consider other types of discipline; 54-2312, Idaho Code to increase the fee cap for applications and to allow credentials from more than one entity; 54-2312A, Idaho Code to increase the cap for senior psychologist applications and to make the continuing education requirements more flexible; and 54-2315, Idaho Code to increase the fee cap for renewal of licenses.

FISCAL NOTE

There is no impact on the General Fund. These changes would increase the caps for applications and renewal. Fees would need to be established by board rule to impact the Bureau's dedicated fund.
